EDUCATION

MS.c Computer Science

Sikkim Manipal University, Gangtok
2021 - 2022

BS Artificial Intelligence

Conestoga College
2017 - 2020

O Level - Computer Science

20015 - 2017

SKILLS

- Machine Learning
- Deep Learning
- Prompt Engineering
- Desktop Application Development
- Algorithm Coding and DSA
- Python Expert
- Kotlin, Java and Flutter
- C++, C and C#
- SQL, MongoDB, and Firebase
- HTML, CSS and Javascript

WORK EXPERIENCE

AI Engineer

Present

Ford Motors

Implemented machine learning algorithms to analyze and extract insights from complex data sets. Developed and fine-tuned predictive models to optimize business processes and decision-making. Collaborated with cross-functional teams to translate analytical findings into actionable strategies, driving efficiency and innovation. Leveraged practical knowledge in machine learning techniques to create real-world solutions

Solution Engineer

2020 - 2022

The Service Manager

Architected and deployed AI-powered systems to enhance product functionality and user experiences. Leveraged hands-on expertise in AI algorithms and frameworks to design and develop intelligent solutions. Collaborated with multidisciplinary teams to integrate AI technologies into diverse projects, contributing to improved efficiency and innovation. Transformed theoretical AI concepts into practical applications

Software Developer

2017 - 2020

Synthesis Agri-Food Network

Designed, developed, and maintained high-quality software solutions, ensuring optimal functionality and user satisfaction. Collaborated with cross-functional teams to gather requirements, identify opportunities for optimization, and implement scalable solutions. Proficient in various programming languages and methodologies, with a focus on writing clean, efficient, and maintainable code. Contributed to successful project lifecycles

Software Developer

2016 - 2018

Red Cactus

Crafted persuasive and engaging copy for a diverse range of clients on the Cactus platform. Leveraged creativity and market insights to develop compelling content that resonated with target audiences. Simultaneously, contributed as a technical writer, translating complex concepts into accessible documentation. Collaborated remotely with clients to capture their unique brand voice and requirements. Demonstrated strong research skills to deliver accurate and well-structured content across various industries.
